This type of publication is almost everything and helped me looking forward and much more. I am quite late in start reading this one, but better then never. You wont really feel monotony at whenever you want of your own time (that's what catalogs are for relating to if you ask me).

Prufrock Press, United Kingdom, 2005. Paperback. Book Condition: New. 272 x 208 mm. Language: English . Brand New Book ***** Print on Demand *****.Motivate young students to strengthen their ability to communicate an idea or thought with these exciting, ready-to-use language activities. Because not all primary students are able to write fluently, students are given the option of writing, illustrating, or acting out their response to the activities. The book includes standards-based independent language arts activities for students in grades K-2, such as developing a newspaper and inventing new words. Students will enjoy acting out their own skits with finger puppets they make themselves; developing a travel brochure; designing their own state flag; or creating a new community of small, easy to assemble buildings. An optional self-evaluation worksheet is included in the book and may be used upon completion of each activity.
