Reviews

This pdf is definitely not easy to get started on studying but quite entertaining to read through. I am quite late in start reading this one, but better then never. Once you begin to read the book, it is extremely difficult to leave it before concluding.

Excerpt: . . . 11 and I look forward to working closely with you to make progress on those issues. I have been a researcher and teacher in the field of food safety. My research efforts have led me to investigate pathogens such as E. coli O157: H7, Listeria Monocytogenes, and Salmonella. I believe my experience as a scientist and educator and my perspectives as an outsider looking in will be valuable as I begin this new position. FSISs mission is to ensure that the Nations commercial supply of meat, poultry and egg products is safe, wholesome and correctly labeled and packaged. FSISs goal is to protect the public health by significantly reducing the prevalence of foodborne hazards in meat, poultry and egg products. FSIS has a long, proud history of protecting the public health, dating back to 1906. Although changes have been made over the years to the inspection program, the most dramatic change occurred when FSIS published a Pathogen Reduction Hazard Analysis and Critical Control Point - HACCP - systems rule in 1996. Under HACCP, industry is accountable for producing safe food. Government is responsible for setting appropriate food safety standards, maintaining vigorous inspections to ensure those standards are met, and maintaining a strong enforcement program to deal with plants that do not meet regulatory standards. Our food safety system is being challenged by many factors. They include emerging pathogens, an increase in international trade, new food products in the marketplace, a growing segment of the...
