Brand New Book ***** Print on Demand *****.Excerpt from The Mormon Saints: The Story of Joseph Smith, His Golden Bible, and the Church He Founded The history of the Mormon church forms one of the strangest and most startling chapters in the annals of the Nineteenth Century. The French philosopher Salverte has said that man is credulous because he is naturally sincere. Yet it seems almost beyond belief that such a crude farrago of superstition, if not fraud, as Mormonism could be brought forth by the most enlightened age of the world, an age in which science has worked her greatest marvels and culture has been diffused over all lands. Buddha, Krishna, Mithra, Apollonius, and other demigods who founded miraculous religions, belong to the remote past and to distant climes. We flatter ourselves that their revelations prospered because they came long ago and far away. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books.
