Ghose Press. Hardcover. Book Condition: New. This item is printed on demand. Hardcover. 392 pages. STEREOSCOPIC PHOTOGRAPHY- ITS APPLICATION TO SCIENCE, INDUSTRY AND EDUCATION By ARTHUR W. JUDGE. Second edition published in 1935. PREFACE TO SECOND EDITION: SINCE the first edition of this book was written there has been a good deal of progress in stereoscopy, notably in its commercial and scientific applications there has also been a number of important developments in connection with the apparatus used for stereoscopic methods and photography. The present edition has been partly re-written and extended to bring it up to date in these respects no less than 94 pages have been added for this purpose. Whilst amateur stereoscopic photography has not made any noticeable progress in this country, there is still an appreciable number of keen workers enthusiastically pursuing this fascinating branch of photography. On the Continent, however, there is much more interest taken by the amateur in this work. The use of commercial stereoscopic photographs has extended considerably in recent years and many travellers representing commercial firms now carry round a stereoscope and set of photographs to illustrate their firms products instead of taking samples or flat photographs. One large electrical concern...
